

About Douglas Stevenson

For over 40 years, Douglas Stevenson has been on the cutting edge of alternative lifestyle and technology.

Douglas is the media interface and principle spokesperson for The Farm, once a hippie commune, now the largest and most famous intentional community in the world, a living example and a model for life in a sustainable future.

Douglas has been featured in countless newspapers, magazines, documentaries, and news broadcasts, including CNN's *American Journey* and *Making It in America*.
